

I reed

ebb of acrophobia

general playing notes  
 play a sequence from left to right choosing a single note from the chords / notes can be at any octave not just those written/  
 repeat varying the notes played / silence is an option for a whole sequence / follow conductor / use full range of techniques

movement 1  
 each note lasts 4 seconds  
 start quietly and increase to ff at end  
 increase state of anxiety

## ebb of acrophobia

I read  
 repeat sequence 6 times

movement 2  
 each note lasts 3 seconds  
 mf throughout

repeat sequence 8 times

movement 3  
 each note lasts 2 seconds  
 start each sequence at ff and dim. to mp

repeat sequence 8 times

movement 4 pt 1  
 each note lasts 4 seconds  
 start each sequence at p and cresc. to fff  
 increase anxiety

repeat sequence 6 times
